

## Clinical Psychologists 0.5 Term Positions Adult Services

The Clinical Health Psychology Program of the Winnipeg Regional Health Authority is seeking Clinical Psychologists for several 0.5 leave-replacement positions of up to a year in duration, in the areas of:

- Eating Disorders
- Diagnostic and Cognitive Assessment
- Pain Management
- Treatment of Post-Traumatic Stress Disorders
- Treatment of Depression

Applicants should have completed a doctoral degree in Clinical Psychology from a CPA-accredited doctoral program and a CPA-accredited internship. We may consider a Clinical Psychology ABD who has completed a CPA-accredited internship and has relevant skills and experience. Training and clinical supervision by an experienced registered psychologist would be provided. Salary is competitive (WRHA Clinical Health Psychologist scale).

Depending on qualifications, skill sets and scheduling, it might be possible to combine two part-time positions to create full-time employment for the term.

For further information about particular positions, or to apply, contact Dr Bob McIlwraith:
